Site Metrics

Site Metrics is a data-table overview of the progress of sites with filtering to let you focus on specific areas.

Site Metrics are available to all Administrators and Study Owners.

Site Metrics Display

The Site Metrics data-table is helpful for easily viewing the following information about all Sites within eTMF:

- Latest Milestone
- Site Status
- Total Expected Documents
- Count of Final Items
- Count of Past Due Items – If the Site has Past Due items this cell will be Red.
- Count of Nearly Due Items
- Count of Not Yet Due Items
- Count of In Progress Items
