

View Versions

In some situations, it may be helpful to view the historical versions of documents for a Study Item.

To view the versions, select “View Versions” from the Actions menu next to the Study Item on an items list. On the TMF Document Version History window, you can view information about whether the document is restricted, the date it was modified, its [Document Date](#), and document status. You can select the hyperlink for a version to view the document in a separate browser tab or window.

A screenshot of a web application window titled "TMF Document Version History". The window has a light gray header bar with the title and a yellow question mark icon in the top right corner. Below the header is a table with five columns: "Name", "Restricted", "Modified Date", "Document Date", and "Document Status". The table contains one row of data. The "Name" column contains a blue hyperlink "Acceptance of Investigator Brochure - 31-Dec-2014". The "Restricted" column contains the text "No". The "Modified Date" column contains the text "07-Jan-2015 9:18:41 AM". The "Document Date" column contains the text "31-Dec-2014". The "Document Status" column contains the text "Final". To the right of the table is a vertical scrollbar. At the bottom right of the window is a blue button labeled "Close".

Name	Restricted	Modified Date	Document Date	Document Status
Acceptance of Investigator Brochure - 31-Dec-2014	No	07-Jan-2015 9:18:41 AM	31-Dec-2014	Final

Click **Close** to exit the window and return to the List page.
