View Reconciliation Dialog

The View Reconciliation Dialog is a read-only screen that displays all Sites at which the Document has been <u>Reconciled</u>. Users in the TMF Reconcile Documents group can reach the View Reconciliation Dialog by selecting the Actions Menu on a Document that is needed for <u>SMF</u> and selecting **View Reconciliation Information**.

The View Reconciliation Dialog displays information regarding the Document's Site, Name, who it was Reconciled By, and the Date it was Reconciled.
